

Seventh Annual SciTrek Lecture on Science Education

Dr. Marcia C. Linn

“What helps students learn to grapple with complex scientific dilemmas?”

Thursday, May 3rd • 5:15 pm

Broida 1610 • Free

Reception Immediately Following

Dr. Marcia Linn is a professor of development and cognition in the Graduate School of Education at University of California, Berkeley, where she specializes in science and technology. She has made significant contributions to the academic community in understanding how technology can be used to support science teaching and learning. She has served as the President of the International Society of the Learning Sciences, Chair of the American Association for the Advancement of Science Education Section, and has been on the boards of many science and education associations.
